## Dedicated to Excellence

The Chandler Education Foundation (CEF) is the fundraising arm of the Chandler Unified School District (CUSD). CEF rallies the community and its stakeholders by raising significant funds to support educational opportunities for students and grant opportunities for teachers and schools who want to continue coming up with innovative ways to engage students. We are surrounded by people who care for our community, who voluntarily give up their time, talent and resources, and who truly want to make a positive impact on our youth, teachers and schools.

Our youth is our tomorrow: America’s future leaders. As a community, we have a responsibility to ensure that our youth is guided in the right direction, give them opportunities to grow and discover their talents and skills, and place them in a healthy and safe environment. As the premier educational partner with CUSD, The Chandler Education Foundation is dedicated to bringing the community together to create a brighter future by enhancing and enriching the educational experience for our youth, teachers and schools.

CEF challenges each one of you to consider how you can make an impact in the community and invest in our youth and our devoted teachers. Reflect on who has impacted your life and will you be the one to impact another. We appreciate each one of you that have volunteered your time, shared your talents, or donated monetarily. If your are interested in joining us in our cause, I encourage you to contact us, our staff or any member of our Board.

*“What counts in life is not the mere fact that we have lived. It is what difference we have made to the lives of others that will determine the significance of the life we lead.”*

### **LIFELONG LEARNING LEGACY SCHOLARSHIP FOR CUSD TEACHERS**

The Chandler Education Foundation (CEF) is proud to support our exemplary CUSD teachers seeking higher education by providing a Lifelong Learning Legacy Scholarship through various fund raising initiatives conducted by CEF. Oftentimes, the greatest barrier between teachers seeking National Board Certification, Masters, PhD, Special Education endorsement or Science, Technology, Engineering, Math (S.T.E.M) certifications is the high cost to complete the program. Lifelong Learning Legacy Scholarships are awarded up to \$1,000 annually to approved recipients. Teachers can reapply for up to one consecutive year to renew the scholarship. In 2014-15 CEF awarded a little more than \$20,000 in scholarships to teachers.

### **TEACHER MINI-GRANTS**

Innovative teaching and learning is one of CEF's guiding values and we are proud to provide funding for outstanding educational projects. Funds raised from the annual 100% Awareness Campaign are used to award mini-grants to CUSD teachers and schools to help maintain high curriculum standards. Without these grants, many teachers would not have sources of funding or would have to use their own funds to support their classroom projects. Since 2006, CEF has awarded over \$350,000 to teachers and schools in the form of mini-grants.

### **CHANDLER CARE CENTER**

The Chandler CARE Center's Children's Medical and Dental Clinics provide CUSD students in need with access to vital medical and dental services that help ensure their health and wellness are maintained so that they are healthy enough to attend school and focus on their education. The strength of our programs is a testament to the incredible support from the community, schools, our donors and volunteers.

### **CUSD STUDENT CRISIS FUND**

Established to provide assistance to students facing serious life altering illness or injuries, the Student Crisis Fund is a testament to our community's dedication to all of its children, especially those in need. Because families can experience substantial medical costs not covered through insurance, the Chandler Unified School District and the Chandler Education Foundation partnered in 2006 to create the CUSD Student Crisis Fund. CEF has since assisted families with over \$217,000 in medical bills and other related expenses.

## SENIORS SAYING THANK YOU

The Seniors Saying Thank You program was designed to give CUSD seniors the opportunity to recognize and thank the teacher who had the greatest influence on them during their high school career. Forms are passed out to all seniors who then write a personal thank you note to their chosen teacher.

"I read every one, and they remind me why it is important that we keep serving our young people. Thank you for continuing this project. It gives the teachers a boost and allows the students to realize how lucky they are to go to school in our district!"

-Sheryl K.

## COMMUNITY AND PRIVATE DONOR SCHOLARSHIPS

Through the generosity of our community and donors, the Chandler Education Foundation awards scholarships annually to students from the Chandler Unified School District. These scholarships enrich and enhance the lives of our students. The Chandler Education Foundation believes in helping our students continue to succeed, even as they graduate on to college.

If you are interested in establishing a scholarship, please contact the Chandler Education Foundation.

## IMPACT CHANDLER SCHOLARS

IMPACT Chandler Scholars (ICS) is a recognition and/or reward program for Chandler Unified School District high school students. Students who complete the program by demonstrating academic excellence, exemplary attendance, and a commitment to service in the community over four years of high school often qualify for scholarship and financial aid opportunities their senior year. IMPACT Chandler Scholars are unique in that they are prepared academically to succeed in college while understanding and embracing what it means to be committed and active citizens.

Students are given the opportunity to enroll as freshmen during an open enrollment period in the fall. They are asked to achieve a cumulative GPA of 3.4 or better, a cumulative attendance rate of 95% or higher, and complete at least 100 hours of community service after enrolling in the program. Upon completion of these criteria their senior year, ICS students will have the opportunity to apply for a competitive \$1,000 ICS Scholarship by reflecting in an essay, how their community service work impacted them, their community, and how it will impact their future.

**"The ICS program demonstrated to me, the immense power of serving others, a civic duty which belongs to all Chandler citizens. I have come to recognize the importance that service be prominent in my life. Through ICS I have discovered that I will continue my studies as an International Studies and music viola performance major at American University in Washington, D.C. with the mindset of using my knowledge to expand that of others in any community to which I belong."**
